We are located east of Winchester in Virginia's renowned Horse Country, in close proximity to many award winning wineries and just one hour west of Washington Dulles International Airport.*

*Our main focus at Long Branch Weddings is the bride and groom and we have decorated and crafted special rooms in our mansion specifically for them in mind - including refreshments and last minute essentials. Additionally, a set of monogrammed Long Branch glasses and a bottle of champagne are presented to each couple on the day of their wedding.*
